School Profile

Black Forest Primary School is a Reception to Year 7 school in the inner southern suburbs, approximately 5km from the Adelaide GPO. The school-community cherishes the school's long history and reputation as a vibrant, welcoming and collaborative setting to work and learn. The Governing Council actively promotes wider community participation. The spacious grounds include native trees of significance, a 35-year-old kitchen garden and aged olive trees that still produce fruit. 2019 will mark the school's 100th year of operation. Plans are well underway for this milestone celebration. The school has confirmation of a \$5m Building Better Schools grant – project commencement will occur in mid-2020.

The school has a February enrolment of 511 students. The Out of School Hours Care (OSHC) program is licenced to care for 120 students. The school is zoned and exercises its zone of right to manage increasing enrolment pressure. Families and students who live within the school's zone of right are also within the high school zones for Springbank College and Plympton International College. Black Forest Primary School is linked to the Adelaide Prospect Partnership of Local Schools and Preschools. The main feeder preschools are Glandore and Clarence Park – both linked to Greenhill South Partnership.

The school values underpin a collaborative culture that emphasises high standards of achievement and behaviour. A key feature of the learning environment is commitment to ensuring each learner has access to a broad and balanced contemporary curriculum that equips each student with high level literacy, numeracy and critical and creative thinking skills essential now and into the future. Specialist programs include Italian language, science and technology, environmental education, visual and performance arts and physical education. Student well-being programs promote active participation, healthy lifestyles and leadership.

The school's 2018 - 2020 improvement priorities include higher standards of learner engagement, achievement and retention of students in the higher bands of NAPLAN Writing, Reading and Numeracy. Teacher professional development as individuals and in year level learning teams is focussed on tracking, monitoring and responding to the needs of students to ensure that each student makes at least 12 months of progress each year in Writing, Reading and Numeracy.

2. Vision and Values

Growing towards the future

The Black Forest Primary School motto 'growing towards the future' underpins a vision for continuous improvement of engagement, achievement and equity outcomes for all, i.e. we nurture wonderful children to become confident and capable young people. We do this by placing deep moral purpose on working together to make a difference to the learning and wellbeing outcomes of each child and young person at Black Forest and across the Adelaide Prospect Partnership. With firm belief in authentic engagement and collaboration between staff, students and parents we support children and students to develop as engaged ethical citizens, powerful learners of literacy and numeracy and critical and creative problem-solvers and thinkers. We have high expectation and act with intention to ensure that school activity is focussed on each learner making 12 months or more progress each year and that each student graduates with a robust interdisciplinary skill set and lifelong core values:

Collaboration

Endeavour

Responsibility

Creativity

Respect

3. Students/ Wellbeing /Quality Care

- 20 classes R-7 single year and composite
- Student Support and Intervention – EALD, Literacy and Numeracy Intervention (Jolly Phonics, LLI, Project X, Too Smart and Quick Smart), and in class SSO support for guided reading groups

- Safe and supportive learning environment – A student behaviour and antibullying policy and procedure outlines the school’s high expectations for positive behaviour. A non-punitive, restorative approach is used to differentiate intervention and support according to individual need
- Student Voice – R-7 Student Parliament and Portfolios; weekly class meetings
- Learner Wellbeing Coordinator
- Pastoral Care Worker
- R-7 Peer Support ‘buddy class’ program
- Orientation to School Program, i.e. Welcome to School Family Night, leadership team member/ child/ parent interviews, orientation visits and teacher visits to preschools

4. Curriculum

The school curriculum covers the eight knowledge learning areas of the Australian Curriculum. Literacy and Numeracy Policies are currently being reviewed and updated. Staff cooperatively design learning and moderate student work in levels of schooling and curriculum priority groups/ PLCs – literacy, numeracy & 21C

Specialist Programmes (NIT)

- Languages – Italian R-7
- Physical Education R-7
- Music R-7
- Science R-7

Environmental Education

- organic kitchen garden used by classes and managed by an SSO and garden committee
- Annual Open Garden Evening
- recycling of paper, cardboard and food wastes
- Year 3 Family Camp at Banrock Station, near Kingston-on-Murray, Revegetation Project since 1998
- Native frog pond and ‘black forest’ revegetation area

Technology

Students from Year 4 onwards are encouraged to purchase a Chromebook to ensure ready access to technology when required throughout the school day. A Digital Citizenship approach supports students to act responsibly when using digital technologies and to be creative and engaged technology users.

- Lunchtime Code Club & Tech Girls
- Createx Fair

Sporting Activities

- Junior Sports Policy
- Out of school hours sport managed by parents - softball, netball, cricket, basketball, soccer, football, orienteering and swimming
